CORP. SEELY STOREY

Corp. Seely Storey Advances Rapidly In Air Corps, U. S. Army

Corp. Seely Storey, a volunteer in the Air Corps of the United States Army, has made rapid progress as one of Uncle Sam's fighting men and is now stationed at Elmendorf Field, Fort Richardson, Alaska.

Corp. Storey is the son of Mr. and Mrs. Bill Storey of Cameron, was born and reared here and a graduate of Yoe High School.

He enlisted in the United States Army on December 1, 1939, at Randolph Field as an airplane mechanic and spent five months at Randolph.

He was transferred to March Field, California, in April 1940. He spent only about two months in California and in June 1940 was sent to McChord Field in Tacoma, Washington.

After reaching McChord Field Corp. Storey was made machine gunner. He won second place in his squadron as a gunner. He spent 8 months and 10 days at McChord Field and was then transferred to Alaska. The trip was made by boat up the northwest coast. They left Tacoma, Washington on March 10, 1941, and arrived in Alaska on the 14th.

He was recently made a corporal. Corp. Storey would like to have letters from friends of his boyhood days here and his address is as follows: Corp. Seely M. Storey, A. S. N. 6950604, Elmendorf Field, Fort Richardson, Alaska.

Corp. Storey reads the Daily Midget often as his mother and father are doing their share of keeping their son properly in touch with home. The entire city of Cameron sends greetings to Corp. Storey.

All members of the school faculty whose contracts expire have been re-elected it was announced by Stanley Swift, President of the Board.

LELAND GREEN BECOMES MAYOR CITY OF CAMERON

Leland Green became Mayor of the City of Cameron on Tuesday night April 21st to succeed Chas. C. Smith.

Mayor Green submitted a list of committee appointments which were not available to The Herald. It was understood that Alderman McDermott retains his place as the Finance Committee Chairman and August Horstmann is to continue Chairman of the Street Committee.

No other appointments were made except standing committee. Monta Thomas has resigned as Fire Chief and will have to be replaced.

Mayor Green was elected early this month after a victory in the Primary Election in February.

Chas. C. Smith retires after a record of 12 years in the office.

Navy Relief Work Is Making Rapid Progress Here Says Tyson

According to Dan Tyson, Milam County Chairman of the Navy Relief Society the campaign to raise funds throughout the County is making unusual progress.

Committees in most every section of the County have been appointed and machinery set up to carry the solicitation to each and every individual.

Thursday has been designated by the State Superintendent as Student Day. All students will be given an opportunity to contribute to the fund and to solicit for the society.

Literature, receipts books with full particulars and instructions can be obtained from the Chairman.

H. M. Hefley, President of the First National Bank is County Treasurer. Plans are being devised to have booths set up over the city during the week.

Ray O'Neill Returns After Helping Out Railroad Commission

Ray O'Neill, District Court Reporter, is back in Cameron to stay now that he has completed an important emergency assignment with the Railroad Commission of Texas.

Mr. O'Neill was asked to aid for a few weeks and did so. He said that sinkings of cargo vessels and other things have necessitated a great deal of litigation and record making by the Commission.

Also there is a shortage of competent reporters. Although he was requested to stay longer, he came home Sunday to take up his work here in District Court.

HOMER NABOURS FOR MILAM COUNTY CLERK

Homer Nabours, County Clerk, one of the best known county officials in Texas because of his efficient record of service, has announced his candidacy for re-election to that office subject to the Primary Election to be held on Saturday, July 25, 1942.

The announcement has received popular acclaim throughout the county for in the years he has served in this responsible place, he has established a record so impressive that the people always anticipate his return to the office for another term that they may have more of this kind of service in this office. Seldom have men in public office enjoyed such popular favor nor have they rendered better service than has Mr. Nabours in this office.

Mr. Nabours feels so deeply obligated to his friends and to the people of the county that he requested an expression in his announcement denoting his gratitude for the confidence which has prompted him at all times to render a service which springs from an unusual devotion to duty. Friends like to point out how well Mr. Nabours has justified that faith and confidence in everything he has done to serve the people in this office. All are now expressing confidence that he will be re-elected to the office in which he has so well served for the past term.

Essentially the success of any public official follows his ability to get along with people, to inspire their confidence by first co-operating himself and then earning by hard work and unflinching courtesy the co-operation and esteem of the public. Mr. Nabours is a modest man. He never speaks of himself. It is always his friends and the people who come to his office. His major concern is to do the job, to see that each one gets the maximum of attention and service and during the years he has held the office his work has embraced a wide scope of work for which he receives no compensation. It is the Homer Nabour way to be obliging, to sacrifice in every way to make his office a justifiable investment on the part of the people and to leave nothing undone to keep the day by day maximum of efficiency that has so plainly characterized the office.

The office of County Clerk, in its relation to the county government, embraces a wide scope of important duties. It is the clearing house for all branches of the government in the county. Because of these important details it is a place of unusual responsibility and requires constant work and every-day job doing.

As the traffic center for a well ordered government the office of County Clerk gives emphasis to the (Turn to page four)

Bring On That Jap

Bugga Brigadier is a snappy little pup whose master, Edward E. Williams of Dallas, is serving with the fighting fleet. Bugga would dearly love to bite a Jap and would give part of his daily hamburger meat for Navy Relief. The pup's plea for the worthy cause was answered by his mistress, Mrs. Williams, with a contribution sent to Gerald C. Mann, Austin, State chairman of the Navy Relief Society.

Cameron Girl Is In Party At Launching Of U. S. Destroyer

Miss Barbara Weems, daughter of Mr. and Mrs. Roy Weems was in the party that launched the U. S. Destroyer David Crockett in Houston Saturday.

Mr. and Mrs. Weems and their daughter left Cameron early Saturday for Houston where they spent the week end with their daughter, and son in law, Mr. and Mrs. Addis Miller, Jr.

Mr. and Mrs. Weems witnessed the launching of the ship.

Coach Wood Operated On For Appendicitis

Coach Carroll Wood was taken to Cameron Hospital shortly after noon Friday following an attack of appendicitis and was operated on by Dr. W. R. Newton and Dr. W. M. Avent of the Newton Clinic.

Coach Weed was doing well. The operation was performed under local anesthetic and he conversed with the surgeons as the operation progressed.

The condition of the appendix was bad but for the timely operation serious developments would have resulted.

The coach can be seen by friends as the operation was so successful he is only slightly ill.

MEN FROM 45 TO 66 MUST REGISTER MONDAY

Registration of all men from the ages of 45 to 66 inclusive will take place in Milam county on Monday, April 27.

Mrs. Jack Lewis, Chief Clerk of Local Board No. 2 has received acceptance from all registrars except 3 at noon Thursday and it was expected all would qualify by Saturday.

Registrars will be at the following places: Three places in Cameron, the office of the Local Board, the Court House and the Masonic Building; Branchville, Maysfield, Buckholts, Ben Arnold, Yarrington, Baileyville, Rice School House, Marlow, Ad Hall, Burlington, Jones Prairie and Minerva.

This will be the fourth registration since the Selective Service law went into effect, the last being on Feb. 16, when men from 19 to 45 register ed.

At the local board Thursday it was announced that Industrial questionnaires have been received and will be mailed out soon.

M. JANEWAY DIES IN HOME HERE TUESDAY

M. Janeway, 57, widely known citizen here, died at his home in Cameron early Tuesday morning.

Funeral services will be held from the First Baptist Church Wednesday afternoon at 3 p. m. Elder W. R. Blackmon of Mexia Primitive Baptist Church, will conduct the services with the Marek-Burns Funeral Home directing arrangements.

Mr. Janeway had been in declining health for seven months, resulting from a stroke suffered while at work in his barber shop.

He was born in Saline county, Arkansas, April 30, 1885, and was married in Lott on August 7, 1910. With Mrs. Janeway he moved to Cameron in 1921 to make his home. He was a barber and was with the Citizens Barber Shop when he suffered a stroke. He was a deacon in the Primitive Baptist Church at New Providence.

He is survived by his widow, Mrs. M. Janeway, a daughter, Mrs. Warene Gray of Raleigh, North Carolina. Brothers and sisters as follows: G. M. Janeway, Heidenheimer; Mrs. T. O. Kinsey of Temple, D. Janeway of Temple, W. E. Janeway of Rogers, Mrs. C. Loudermilk of Temple, Fred Janeway of Waco and A. D. Janeway of Temple.

Pall bearers will be G. M. Janeway, D. Janeway, E. P. Janeway, A. D. Janeway, L. L. Walton and J. N. Walton. Interment will be made in Oak Hill Cemetery.

MRS. MARY E. LOONEY AGED PIONEER IS DEAD

Mrs. Mary Easterwood Looney, 89, a native of Mississippi, and a resident of Milam county for more than three quarters of a century, died in Marlin on Thursday, March 26, 1942.

In recent years she had spent much time in Marlin, making her home there during the winter and in the late spring and summer returning to her home in Branchville overlooking the valley of Little River.

Mrs. Mary Easterwood Looney, widow of the late W. C. Looney, pioneer, was born on December 14, 1853, in Jackson, Mississippi.

When a small child she moved to Texas with her family, and settled in Bell county in the community of what is now the City of Temple. At that time the city had not been established as the Santa Fe railroad was yet to be surveyed through this portion of Central Texas.

Shortly after the civil war, her father, E. E. Easterwood, former officer in the Confederate army, in order to obtain educational advantage for his family of six children, left Bell county and moved to Port Sullivan in Milam county.

Port Sullivan, on the Brazos river was a thriving town and had a college of recognized standing. Time and the path of development were later factors that saw it recede to a village and finally to disappear as one of the early landmarks of Texas.

Not far away now stands a concrete pier built in the hope of navigation for the stream to make Port Sullivan and other towns along (Turn to page four)

Fights On Corregidor

ALFRED A. SIMECEK

Cameron Boy Fights Japs From Corregidor Anti-Air Craft Gunner

At this stage of the war it is not possible to know how many Japanese planes have fallen into the waters around Corregidor from well placed shots by a Cameron boy who is in an anti-air craft battery on the battered rock at the mouth of Manila Bay in the Philippine Islands.

He is Pvt. Alfred A. Simecek, the son of Mr. and Mrs. Charles P. Simecek who live on West Main Street in Cameron.

Alfred, if he survives at Fort Mills on Corregidor Island, he will some day be able to tell a thrilling story.

Pvt. Simecek enlisted in the United States army on February 11th, 1941, and lost little time in the process of transfer as he has been in the Philippines for a long time. He was born and reared in Cameron. The family has lived here for many years.

Another brother, Charles P. Simecek, Jr., is in the Hawaiian Islands and was there when the Japs struck on December 1, 1941.

Sugar Blanks Have Been Received Here For Dealers Permits

Charles M. Hicks, county superintendent, has received the supply of Blanks Applications for wholesalers, retailers, bakers, restaurant keepers and boarding houses.

These dealers in sugar must register at the high school on Monday April 27th.

Mr. Hicks has been distributing these blanks as requested by the government in order that merchants may study them.

Consumers will register beginning May 4th for stamp books to buy sugar which is the first commodity to be rationed.

Fine Boots Are Made From Deer Hide by Local Boot Shop

A pair of boots from buckskin, one of the most beautiful ever seen here are on display at the Cameron Ice Cream Company.

They were made for Marvin Ehrig from hide of deer he killed in Webb County. The hide was tanned in Cameron and the boots were made at the J. R. Mode Boot Shop by Jack Moore.

Mr. Mode is now in the service with the United States Marines and Mr. Moore, widely experienced, is making boots while his employer is away.

The boots are fancy, highly decorated in green and red with butterfly wings and flowers.

The hide was reversed so that shining is not necessary, just use a brush to scuff up the texture of the hide. The boots are a yellow tan.

Mammoth Tooth Found By Lloyd Buff; Dug Up On Matocha Farm

A Mammoth tooth was dug out of 14 feet of gravel on the Matocha farm near Little River by Lloyd Buff who is with the Texas Construction Material Company, now excavating gravel from a new pit.

The tooth was in a solid strata of gravel and on top of this were 9 feet of black dirt.

The tooth may be from a young animal. It is broken in half. The grinding surface plates are of perfect enamel. Many such fossil teeth have been found in this section. Mr. Buff gave the tooth to the Midget for which the publishers are grateful.

Here is a facsimile of the application for War Ration Book No. 1 which will be filled out for every person in Cameron and Milam county, during the National Registration Period, May 4, 5, 6 and 7. Registration of individuals and members of families will be filled out for every person in helpers in the elementary schools. All members of family units may be registered by any one member over 18 years old. Individuals who are

not members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual, and each will be issued a War Ration Book.

Applicants for books are urged by the Office of Price Administration to study carefully the application above, and have the correct answers when they register.

If the questions are answered promptly OPA estimates it will only take

four minutes to fill out each form.

Applicants should come prepared with a list of the members of their families, giving the extra name of each; an exact description of each member of the Family Unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

The person who registers for the Family Unit must state his or her exact relationship to each member of it.

It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the Family Units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four stamps have to be removed, issuance of the book will be withheld until later.

TEACHERS TO REGISTER HOUSEWIVES FOR SUGAR

Dallas, April 20—School teachers by the thousands are "going to school" this week, to learn the ins and outs of registering several million citizens of Texas, Oklahoma and Louisiana for War Ration Book Number One.

Max L. McCullough, region director for the Office of Price Administration, announced that copies of a pamphlet containing the information and instructions for those who will conduct this registration have been printed and are now being mailed.

The 56-page pamphlet contains instructions for the state and county ration administrators local ration boards, city and county superintendents of schools, and instructions for the school site administrators for the registrars.

Retailers, wholesalers, institutions and industrial users of sugar must register at high schools on April 28 and 29. Household sugar users will register on May 4, 5, 6 and 7 in elementary schools.

The book of instructions, called officially "The Plan for Distributing War Ration Book One," is being sent to county courts throughout the country. From the courthouses, these books will be distributed to public elementary and high schools, and these will be placed in the hands of registrars. It is estimated that 1,250,000 elementary school teachers in the United States will serve as registrars, and they will be assisted by volunteers, working under supervision of "school site administrators" appointed by local school superintendents.

Another book of instructions, "The Plan for Trade Registration," gives directions for registering retailers,

wholesalers, boarding house keepers, institutions such as hospitals, asylums and orphanages, cafes, hotels, bakers and soft drink bottlers.

Since these trade registration forms require much technical information, OPA officials emphasize that trade registrants should obtain the forms from local rationing boards beforehand and fill them out, so that during the two-day registration period, April 28 and 29, the trade registrar will need only to go to a high school and sign the application before a registrar, to obtain a sugar certificate.

"The importance to the public of the May 4 to 7 registration," Mr. McCullough pointed out, "is that a person who fails to obtain War Ration Book Number One not only will not be able to buy sugar, but also will be deprived of other commodities that may be rationed later."

Chas. M. Hicks, county superintendent, is responsible for preparations and supervision of registration in the rural schools of the county. Mr. Hicks is calling a meeting for Thursday night to get ready for the work to be done by teachers who are to be the Registrars.

A PLEA FOR BOBWHITE

This morning bright and early In the woods beyond my door An old Bobwhite was calling The same old tune of yore.

He seemed to call his family up And count them one by one To see how many had escaped The hunters dog and gun.

I wonder if he found a mate To raise another brood To eat those million insects He uses for his food.

I wonder of another year I'll hear a single one

Call me early in the morning With the rising of the sun.

Now Bobwhite I can tell you Your days are ending fast You'll be classed with the buffalo A relic of the past.

Just few more hunting seasons Like the ones that's gone before Will spell your doom, Bobwhite We'll hear you call no more.

From where I sit...

by Joe Marsh

VERY OFTEN these days, I get to thinking about the soldier boys at camp. And the sailors, too.

What worries me is... what happens when they get a day off after working their heads off all week? They go to town... and what then?

What happens? The answer is... mostly nothing! Because most towns near army camps just don't have nearly enough entertainment facilities to take care of the soldiers on leave. So the boys just stand around, leaning against lampposts or sitting on doorsteps. And sometimes, the local townsfolk find themselves wondering what's changed the town... instead of pitching in to help the boys have a good time in decent surroundings.

In many towns, however, the situation is better. Many towns have nice, community places where a soldier can go sit down and "chew the fat" and enjoy some cake and milk, or maybe a good glass of beer. The boys like that. And they're not likely to get in trouble... because common sense tells you

nothing can be wrong about a couple of glasses of beer.

There's another reason, too. The beer industry is cooperating with the army and with the law-enforcement officers to help keep the places where beer is sold, clean and decent. The brewers don't want their beer sold to soldiers in places where bad conditions exist... and they're right.

Seems to me that we Americans ought to get together and do everything we can to make things pleasant for the boys who are in training. They're doing their duty... maybe we have some duties, too, in this direction.

There are lots of ways of helping. We ought to support them all. All of us have our part to play in winning this war... and making life a little easier for the boys in camp is something we all can do something about.

TEACHER SHORTAGE IN TEXAS MAY BE ACUTE

Shortage of teachers because of war conditions has occasioned an appeal from Chas. M. Hicks to newspapers in a notice in which he quotes from a recent letter from State Superintendent, L. A. Woods, written to him.

The communication is as follows:

"The resignations and changes of positions of teachers because of war emergency conditions are becoming serious. The problem of filling the vacancies so created is becoming difficult. The number of newly prepared teachers available is not sufficient to meet the need. Many schools are finding it necessary to employ certificate holders who have been out of teaching for a considerable length of time. Something should be done to insure that only well-qualified degree holders are so employed and that these persons refresh themselves professionally before undertaking to teach. Desirable persons thus coming back into teaching should be made available for vacant positions even outside their home community.

"It seems necessary, therefore, to make a survey in each community of the persons who hold college degrees and who seek employment as teachers but who are not now employed. Will you co-operate in such survey by trying to discover all such persons in your county or independent districts who now hold college degrees, who wish to teach, and whom you would be willing to recommend for a teaching position in Texas schools if they were to complete a summer's work in refresher course."

Anyone interested in registering in this survey may obtain the necessary blank from the office of any Superintendent of an Independent School District or from the office of the County Superintendent.

WAR CREEPING ALONG AS LULL HITS FRONTS

Reports from war fronts indicated nothing has happened in the past 24 hours to justify newspaper space.

In Washington some have expressed doubt that any raid was made on Japan although evidence indicates the Japs were actually hit.

Shortly before noon the German radio reported another air raid alarm in Japan. This was regarded as a fake move to get information. So far the Washington government has made no statement.

General MacArthur has issued his first communication in which he indicates operations are beginning. Little change has occurred in Burma.

Joe Hebner, Jr., student at A & M College, spent the week end here with relatives.

Vital in Peace—Crucial in War...

Gas shoulders arms for Victory!

TO ARM AND EQUIP our fighting men on land, on sea and in the air—GAS long ago assumed its vital role in production for war. Because it is industry's fastest fuel... quick-heating... clean... flexible... and accurately controllable—GAS is the preferred fuel in scores of industrial processes requiring high-speed precision heat. Throughout the nation as factories speed up the building of guns, tanks, ships, planes, bombs, shells and countless other implements of war—GAS concentrates on the job of meeting the special requirements of wartime production.

and on the home front GAS continues its brilliant, prestige-building record

PREPAREDNESS IN THE KITCHEN is second only to preparedness in the factories and on the war fronts. In these days when meal-planning, food economy and vitamin-saving cooking methods are so important—GAS meets the rigid specifications of wartime meal preparation.

NABOURS

(Continued from page one)

man who operates it. Personality looms large in the picture and efficiency is always a prime requirement. To say that Homer Nabours possesses both to an unusual degree would be merely stating the obvious.

Efficiency is sometime lacking in the performance of public duty, but is always a prime demand of better government. Every day on the job loyalty to duty is required to maintain the high average of service that has featured the work of Mr. Nabours and enabled him to earn a place of such high esteem in the hearts of all the people.

Mr. Nabours likes to point out that in the beginning, due to his long experience in business matters, he realized that to make the service of this important place measure up to expectations, it would be necessary to maintain at all times an efficient staff of Deputy Clerks and this he has done. The people of Milam County are unanimous in their praise of Mr. Nabours on the success he has been able to achieve in the administration of the office through its present personnel. Mr. Nabours appreciates the high estimate that has been placed on his assistants by the people and in the future he will continue to provide such persons for the jobs in his office. Modern methods have had much to do with the manner in which the affairs of this office has been conducted.

By raising the standards of service to the highest possible degree Mr. Nabours has contributed a large share to better government in the county and appreciation has been widely noted among the people.

In announcing his candidacy Mr. Nabours does not make any special claim for consideration just because he has achieved a record of efficiency. That he promised the people. Friends help out by praising his work.

The Nabours family, its name and members, belong to the historic background of Texas. The romantic story of Texas herds going up the trail to write a new chapter in the story of empire found a Nabours in the van of events. It is a matter of pride to friends as well as the family to recall the immortal story of Emmerson Hough, "North of 36," in which Old Jim Nabours, later to be in Lincoln county, New Mexico when Billy the Kid fought a syndicate of rustlers who killed his boss, was the first trail driver.

From the Del Sol near Lockhart, so the story is written, Jim Nabours as trail boss, after the Civil War, took Taisie Lockhart's herd of cattle up to Abilene where the Union Pacific had spilled a raw town at the foot of the rails in the roaring Seventies. In that day when the Texas cattle Barons found themselves impoverished after the war and without a market for millions of cattle on the range, they headed west and north to the railroad. The story of Texas' cattle empire is familiar to every Texan.

While conditions have changed vastly since Jim Nabours took the first trail herd up with the famous longhorn steer, Alamo, leading the way, his nephew Homer Nabours, your County Clerk, still holds the family touch with cattle. He is secretary of the Central Texas Livestock Association and as such is doing a fine job for cattlemen who are

members of the organization by the hundreds.

With every consideration for your co-operation and confidence, Mr. Nabours send you his greetings and asks your vote and support. He has a son in service, the only one of his children in military age. He hopes to see each one personally but due to war conditions may not be able to make as active campaign as heretofore. His pledge is to keep on inspiring your confidence by serving well.

LOONEY

the river commercially important. The Looney home at Branchville where Mrs. Looney spent her summers is within a short distance of the place where the Easterwood family settled when Port Sullivan was a college town.

Cameron was the oldest settled community near that date and later Belton came into existence.

In 1888 she was married to the late W. C. Looney, thereafter making her home in Branchville where for many years Mr. Looney operated a mercantile business in addition to large farming interests.

Mrs. Looney was buried in the Port Sullivan cemetery on March 29, 1942, near the scenes of her early childhood.

Several years ago Mrs. Looney spent a winter in Cameron, living in the home of the late Mrs. Lula Hefley. During those months, Mrs. Looney was an inspiration to many. When news came of her death her many friends in Cameron were deeply shocked and grief stricken.

She belonged to a day and generation more revered in history than any other period. Cultured, the influences of the Old South predominated in her gracious nature. Their passing removes from the sphere of mortals the best who have yet come to habit this world.

She was a life long member and active worker in the Methodist church; a member of the Daughters of the Confederate, Womens Christian Temperance Union and the Order of Eastern Star during its early history in Texas.

Mrs. Looney is survived by two sons Wilber C. Looney of Beaumont and Ralph D. Looney of Houston. One sister, Mrs. D. L. Edwards of San Antonio, survives. There are five grand children as follows: Elberta Randall of Tulsa, Oklahoma, Mrs. Albert Leland of Los Angeles, Calif., C. W. Randall of Leavenworth, Kans., William and Thryza Lee Looney of Beaumont. One great grand child is among the survivors, Philip Pearce of Los Angeles, Calif. A number of nieces and nephews survive.

Alfonse Mikulec who has been an enlisted man in the B Company 9th U. S. Infantry at Fort Sam Houston, has just been assigned to the regimental band. He is the son of Mr. and Mrs. Frank Mikulec. On his recent visit home Alfonse invested heavily in War Bonds. He is not only serving his country but is helping to finance the war effort. A powerful example to the people here where bond sales are lagging.

CALF SHOW TO BE HELD HERE MAY 4

The Annual Boys Beef Calf Show will be held in Cameron on May 4, according to J. W. Stufflebeme, Jr., County Agent, and Tom Stokes, V. A. Instructor, Yoe High School. Thirty five beef calves will be entered in the show by 4-H and FFA boys.

As there is a vital need for increased meat production, this show is in direct connection with our National Food for Victory Program. The club boys throughout Milam County are conducting demonstrations with meat animals, poultry and crops.

The show will be held in the used-car lot back of Hefley-Stedman Motor Co., and will be sponsored by the Cameron Chamber of Commerce. The calves will be in place by 1 p. m. and will remain in the show all afternoon so that all interested people will have ample time to see the calves. W. I. Ross, County Agent of Falls County, will judge the show. The judging will start at 2:00 p. m.

Ribbons will be awarded for winners in the different divisions and Walter Sharpe, owner of the Sharpe Jewelry Shop, will give a silver loving cup to the boy who exhibits the grand champion 4-H Club calf.

After the show, the calves will be shipped to Fort Worth for sale. The boys, accompanied by adult leaders, will go to Fort Worth also, and will be the guests of one of the commission companies.

The following 4-H and FFA boys will exhibit calves in the show:

Homer James, Wm. Winkler, Duane Carlton, Ad Hall 4-H Club; Robert Lee Folschinsky, Key Schwarting, Melvin Dorner, Ben Arnold 4-H Club; George Michalka, Cameron 4-H Club; Sonny Rodenbeck, Dick Rodenbeck, Pete Rodenbeck, Verdis Unnasch, Detmold 4-H Club; Max Swinger, Jr., H. M. Yager, Leonard Chapman, Jones Prairie 4-H Club; Norbert Kostroun, Otto Janek, Marakville 4-H Club; Doris Phipps, North Elm 4-H Club; Charles Raeke, Val Verde 4-H Club; Monte Angell, Kenneth Gibbs, Boyd Hurry, Edwin Laywell, LeRoy Schattle, Ben Hardie Bailey, Bryan Floyd, Clarence Hollis, Leo Jistel and John Wallace, all FFA boys in the Yoe High School.

Uncle Sam asks us to Hoard Coal Now

Coal is one thing the Government definitely wants us to hoard this spring and summer

● We are asked to buy coal now, if we are coal users, (1) to protect ourselves against a possible coal shortage next winter, and (2) to help make more coal available then for moving war material. Spreading coal shipments over a longer period than usual will do just that.

● Most folks wait until the last minute to order their winter's coal supply. Many millions of tons of coal must then be moved by rail in a very short time. Next winter's

war needs and the tire shortage will put the greatest load on the railroads in their history. War freight must move first, and those who wait too long to order their coal may not be able to get prompt delivery when they need it.

● So we repeat Uncle Sam's friendly warning to us all. If you use coal, get in your winter coal supply now, in the off season, when transportation is available. You'll help yourself and also help win this war.

AT YOUR SERVICE—subject always to war demands, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Turn to your Santa Fe Agent for information about it.

UNCLE SAM TO STIR COFFEE UNDER RATION

Dallas, April 22.—Uncle Sam is going to have to tighten his belt this week, and begin to stir the sugar in his coffee, to be sure there will be enough sugar to go around in case we have to depend on our home-grown supply.

That is the reason school teachers in the Southwest—and throughout the land—are "going to school" themselves, to study the plan books giving them official instruction in the method of registering the trade on April 28 and 29 for sugar rationing, and the general public on May 4, 5, 6 and 7 for War Ration Book No. One.

Max L. McCullough, region director for the Office of Price Administration in Texas, Oklahoma and Louisiana, has advised members of the trade to obtain application forms without delay from local ration boards, for the commercial registration April 28 and 29 at high schools.

"Registration for the trade will involve establishments varying in size from the smallest of the country stores to the largest super-market," he explained, "and they may vary in type from a boarding house or a home candy manufacturer to a fruit canning factory, soft drink bottle, or a meat packer. Some of the information required may be rather technical for some of these, so it is important that they obtain application forms beforehand, study and fill them out. Then they will need only to go before a registrar on April 28 or 29 and sign the forms in the presence of a registrar, to obtain sugar purchase certificates."

Mr. McCullough emphasized that sugar rationing has become necessary because today we are receiving no sugar from the Philippines and very little from Hawaii, although in peace time we imported 27 per cent

of our supply from those areas; shipping from the West Indies, from which we usually obtain 35 per cent of our sugar stocks, is now uncertain. That leaves the 38 per cent we produce at home, which may have to be spread among all the people.

OPA has revealed that each individual will be allowed one pound of sugar with each of the first four stamps in War Ration Book One. However, the subsequent stamps may not obtain the same amount, because the ration of sugar may be changed from time to time according to the total supply in the country.

Each stamp will be good for the period announced by OPA, and under present plans, each ration stamp will be for two weeks. Thus, as rationing begins on May 5, an individual may obtain half a pound of sugar per week.

FAMILY REUNION

Mr. and Mrs. L. F. Slama had their children at home Sunday. They are Mr. and Mrs. A. H. Juergens and daughter Barbara Ann of Robstown, Mr. and Mrs. Ollie Ernst and family of Burlington; Mrs. and Mrs. Leo Hollas and sons of Cameron; and Miss Adele Slama who is in Washington with a government assignment.

Mrs. Frank White of Waco, visited her sister, Mrs. W. P. McCall the last of the week.

R. J. Woodum of Duncan Field spent a few days here with relatives recently.

Mrs. L. B. Blake and daughter, Gloria Angeline, visited friends and relatives in Houston over the week end.

Mrs. Allie Kinard has returned from Dallas and Fort Worth where she visited with relatives and friends and is a guest of her daughter, Mrs. Melvin Ford.

Give Older Men Jobs, FDR Urges

Washington, April 14.—President Roosevelt called on American employers Tuesday "to open their doors to older workers" as a means of speeding the "gigantic war production program in which we are engaged."

In a proclamation setting aside the week beginning May 3 as national employment week, Mr. Roosevelt urged that particular attention be given to the employment of the older workers, especially veterans of the last World War.

Mr. Roosevelt also invited the attention of private industry to the necessity of training and employing women as well as older men.

Speaking of the veterans of World War 1, Mr. Roosevelt said they are "vitaly needed in the ranks of industry and agriculture today."

"There is a place for these men and other workers past 40 in the gigantic war production, program in which we are engaged," he said in the preamble of the proclamation.

He pointed out that while employment in many industries unessential to war efforts will be diminished, as the war program accelerates, "many Americans not now regularly employed will be called upon to take an active part in production vital to the war effort."

"Yet it is not on a basis of patriotism alone that employers are urged to open their doors to older workers, but on the basis of sound business sense as well," he said, recalling that older workers have qualifications that many younger persons lack.

John Calvin Haygood Promoted In Rank Is Flight Commander

Lieut. John Calvin Haygood, U. S. Army Air Corps, now stationed at Victoria Field in California, has been promoted in rank to First Lieutenant and is one of four flight commanders at the field.

Lieut. Haygood was reared in Cameron. He graduated from Yoe High School and attended Allen Academy in Bryan where he laid the foundation for a military education. He enlisted in the air corps as a flying cadet in 1940 and has made rapid progress.

Lieut. Haygood is the son of Mr. and Mrs. J. W. Haygood of Cameron. In 1941 he married Miss Catherine Mode of Cameron, daughter of Mr. and Mrs. George Mode.

J. C. Mayfield, Jr., son of Mr. and Mrs. J. C. Mayfield, Sr., of Cameron is an instructor at Victoria Field and serving under Lieut. Haygood. He is one of four Mayfield sons now in the armed service.

Mrs. Harry Moore, wife of Bishop Moore of Dallas, has returned to her home after visiting Mrs. Tom Denson for a few days. She came down with her son who had been visiting her and visited in the home of Mrs. Denson and was accompanied by his wife, Mrs. Moore, formerly Miss Dorothy Adel Denson. They left Thursday for their home in New Orleans where Mr. Moore is stationed in Army service.

DAY BY DAY Things We Want To Say

A Cameron father who has a son in the air corps as a flier and a girl who is a nurse submits the following which no doubt is timely and should be heeded:

A WORD FOR UNITY AT HOME AND MORALE AT THE FRONT

On April 16, President Roosevelt appealed to industry to give older men and women jobs, those who have children fighting at the war front and have boys of military age.

This is great step to promote morale in the army and closer unity at home.

All supervisors and managers of the multitude of Government works, such as triple A, PWA, WPA, CAA, and various others should give these fathers and mothers applications first consideration, when in their loyalty to our nation they gave up their boys, and most of these boys gave up good jobs, to fight for your homes and family.

We are in a war that calls for drastic measures, to see that selfishness and greed should be forced to take a back seat. Also the politician that pulls jobs for votes, regardless of the welfare of our country. The middle aged mothers and fathers are the back-bone of our nation, raising and educating our future citizens.

The past 10 years of depression they were sorely discriminated against most all big industries, but on a low age limit.

Do you think it helps the morale of the boy that quits a good paying job to accept \$21 a month to go into steaming jungles to fight a barbarous enemy, knowing that father and mother aren't faring so well at the home he is fighting for? What are the feelings of these fathers and mothers that did not file as dependents and gave up their children, when they file applications with government works and industry for work, and are not given the consideration they deserve.

They are the ones that are making the real sacrifice, and all of us should demand they be given every consideration, also releasing thousands of boys so they can take their place beside your boy and mine at the front.

Monta Thomas, After 30 Years As Fire Chief In Cameron, Resigns; Began When Department Had Horse Drawn Fire Fighting Equipment

Monta Thomas, for the past 30 years Fire Chief in Cameron, embracing a period of time from the horse drawn vehicle days to the modern motor pumpers, has tendered his resignation to the Mayor and City Council.

Mr. Thomas, due to ill health, will not be able to continue the duties in which he has distinguished himself over three decades and the city was reluctant to have him leave the Department.

Not only has Mr. Thomas served the city well his activities have extended to the state organization as well.

The city council has not indicated if any steps will be taken to replace Chief Thomas at this time.

The Cameron Volunteer Fire Department is one of the most famous in Texas as well as one of the most efficient. Fire loss records of the department will compare with any.

Chief Thomas has always maintained the respect of his men who have followed him for thirty years, new faces coming on the department as old ones left it.

In the following letter Mr. Thomas has tendered his resignation:

To the Honorable Mayor, the City Aldermen and the Citizens of Cameron:

"Some thirty years ago, I answered the call of duty as your Fire Chief, beside old Tom and Jerry.

"Many of you remember old Tom and Jerry, as they stood in their

stalls, waiting the sound of the gong, ready for duty. Fire fighters they were!

"They have long since gone the way of all faithful fire horses.

"The old Fire Chief has now served his day and at my Doctor's orders, tender you my resignation. It is now my time to go.

"I regret to leave those volunteers, loyal, faithful, brave, heroic and gallant men who responded at every call regardless of the conditions. May you always give every consideration to those who make up this department.

"You have granted every request that we have made of you in the interest of the Cameron Fire Department, for which I am grateful.

Very respectfully,
MONTA THOMAS.

The Japs said the raid was inhumane.

For the first time in American history the average man on the streets didn't care of the raid was inhumane, in fact rather hoped it was.

A late report from Japan, just before press time, said that great fires had been started by the bombs but had been brought under control. Houses in Japan are mostly of flimsy construction and highly inflammable.

It was not expected here that anything like a disastrous bombing had taken place but the effect of it was widespread. The Japs are jittery. It's only a little of what is yet to come, said a Washington source.

Yokahama is only 22 miles from Tokyo. Here are the greatest of Japanese docks and ship yards and also industrial areas.

While the Americans were bombing the Japs the Reds in Russia had broken German lines at Dneiprostrovesk and scored important gains.

Violent air battles were raging over the Eastern front.

Milam County Again Comes Out Loser As Road Contracts Let

The Highway Department has awarded contract for 21 miles of improvement for Highway 77 and 190.

If the publisher figures are correct never has there been a more glaring discrimination.

For 21 miles on Highways 77 and 190 the highway department will pay \$26,553.

For 14.2 miles from Rogers to Temple on the same highway 190 the highway department will spend \$223,265.

In Bell county 7 miles less roadway gets almost \$10 where Milam gets \$1. Protests from Commissioners Court and Chamber of Commerce would be welcome.

EPISCOPAL CHURCH

Sunday, April 26th, Morning Prayer and Sermon at 11 o'clock.

BREAK MAY COME WITH GOVERNMENT OF VICHY

Admiral Leahy, Ambassador to Vichy, will be recalled, it was said in Washington Friday by Sumner Welles, Under Secretary of State.

Admiral Leahy is being called to Washington for a conference with President Roosevelt.

A break of diplomatic relations with France may follow, it was said in Washington. However Admiral Leahy will not be able to leave France for several weeks as Mrs. Leahy has undergone an operation.

It was generally believed that the United States will not maintain relations with France under a Laval government.

Early Friday Premier Laval drove to Vichy, heavily guarded, to deliver to Marshal Petain a list of the new cabinet members.

Admiral Darian has been made commander of the navy and army of France. The aging Petain will remain as Chief of State but will have no powers, in fact may not be consulted except as appearances may demand. Laval, a Nazi Frenchman, will eventually be slain. He carries near his heart already a bullet fired by a French patriot last year.

As conditions appear now Hitler is merely securing his back while he wrestles with the Russian bear in the east.

The strongest possibility is a war with England. That would be of prime importance to Hitler and might be a desperate move with the risk of war with America.

Washington is watching closely each move of the Laval government. The new cabinet is pro-Nazi.

The Cabinet of Marshal Petain who was called to France when the Republic was betrayed, has resigned. Petain has been criticised in the United Nations but it now appears he may

have staved off disaster for a long time.

CHRISTIAN SCIENCE SERVICES

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 26, 1942.

The Golden Text is: "He that shall endure until the end, the same shall be saved" (Matthew 24:13.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I shall not die, but live, and declare the works of the Lord" (Psalms 118:17)

The Lesson-Sermon also includes the following passage from the

Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Bible calls death an enemy, and Jesus overcame death and the grave instead of yielding to them. He was 'the way'. To him, therefore, death was not the threshold over which he must pass into living glory." (page 59.)

Dr. Roy Howard Baskin, son of Mr. and Mrs. Roy Baskin, who graduated at the Medical school in Galveston recently, is now stationed at Naval Air Station, Corpus Christi, with a ranking of Lieut. Dr. Baskin.

Miss Maxine Akers, spent the week end here with her parents.

WAR IS CARRIED TO NIPPONESE ISLANDS

Tokyo and Yokahama have been bombed.

American planes driven by pilots from the south, midwest and the east, swarmed over the Japanese capital early Saturday, for the first time to bring the war sharply to the mainland of the Mikado.

First news of the bombing reached this country in a broadcast from Tokyo. At first the Japs said that damage was slight. They changed the statement to say that heavy damage was done to schools and hospitals while military installations were undamaged.

Up to noon Saturday there had been no official announcement from the Government in Washington. Members of Congress and others however were commenting freely on the raid and there was general acceptance that it had occurred and the Japs have paid heavily at home.

In China the news brought rejoicing. Show programs and other public entertainments were interrupted while the news of the raid was told the people.

One report, yet unconfirmed, said that 90 American bombers including

fighter craft had approached the Japanese capital from all directions.

In their first statement the Japanese said that the raid lasted for 7 hours. Crowds at mid-day were on the streets and at first thought the alarm was a practice set off.

In the area in which Tokyo is located seven million people live.

Emperor Hirohito, despite broadcasts to the Japanese people to remain calm lest they be criticised by Americans and English, held two emergency conference with his cabinet.

Berlin reported the raid and said an American aircraft carrier had been sunk off the mainland. This, the Berlin report said was not confirmed.

It was not believed here that the planes were from carriers off the Islands of Japan but flew in from secret bases in China or the Alutians. There was some speculation whether the planes may not also have come from India.

The American B-17s are the four motored types capable of long range bombings.

The Japanese said that 9 American crafts were shot down in the raid.

In Washington it was felt generally in un-official quarters that the long expected offensive against Japan was under way.

MEN OF WAR

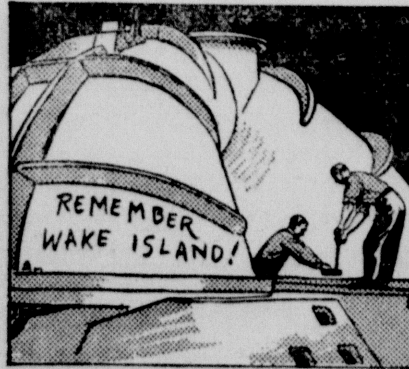

General Electric men and women—thousands of them! Four typical scenes show the spirit with which they are tackling the grim job of producing for war!

1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than \$20,000,000 a year!

3. A sign chalked by a G-E workman on a big machine being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U.S. fighting men!

General Electric believes that its first duty as a good citizen is to be a good soldier.

MRS. FLORA A. MOORE DIES HERE SATURDAY

Mrs. Flora A. Moore, 59, died at the family residence in Cameron at 2:30 a. m. Saturday from a heart attack.

Funeral services had not been announced up to noon Saturday. The family was awaiting word from her daughter in Memphis, Tenn.

It was expected that notices would be issued later in the day. The Marek-Burns Funeral Home will direct arrangements.

Mrs. Moore is survived by her husband, James Moore of the local Community Natural Gas Company office, and the following children: Alfred Moore, Pairs; Mrs. J. D. Johnson, Memphis, Tenn.; and Margaret Moore of Cameron.

Four brothers survive as follows: A. A. Johnston of Mexia, H. O. Johnston of Walnut, Kansas. George Johnston of Lamar, Missouri; and Charles Johnston of Lamar, Mo. Five grand children also survive.

Mrs. Moore was the mother of Eddie Paul Moore who lost his life in the fire at the Markham Service Station several years ago.

The body will remain at the Marek-Burns Funeral Home until the funeral hour, yet to be set. Interment will be made in the cemetery at Mexia.

Friends in Cameron were shocked to learn of Mrs. Moore's death. It was not generally known until after 8 a. m. Saturday when most of the business houses opened for the day.

Sincere sympathy is extended to the husband and family and other relatives.

Mrs. M. A. Baggerly spent the week end with her son, Hubert Ray Baggerly at Camp Barkley near Abilene. With her were Polly Crow and Carrie Latham. She reports a grand time and speaks highly of conditions in the camp.

Ashore From Destroyer Owen Stidham Writes Local Publisher

Owen Stidham on the U. S. Destroyer Fox, has written from Bremerton, Washington. He enlisted last fall in the Navy, a volunteer, leaving high school here where he would have been a member of the Senior Class in June.

Owen is the son of County Commissioner Grady Stidham and Mrs. Grady Stidham of Cameron. He was an All-District tackle on the Herald team last fall and is making Uncle Sam a good fighting man:

"I thought I would drop you a few lines, and thank you for all the nice things you have said about me. You may not realize it, but a few nice things helps when you are so far away from home. I don't know any body but a few Sailors from my ship. It sure is hard to take when you have been out to sea a long time and come in, nobody to speak to or talk to. You see why the people back home can help a lots with such little trouble.

"I think I promised you a couple of Jap's ears. We have gotten a few,

but it's too far to swim to get them. Maybe I can catch one on shore some time.

"This is a hard life I am living now. I am on a destroyer. The hardest duty in the service. That's my luck, but as long as I can help win this war its not so hard to take. I'll do my part and if every body else will do theirs we will clean the Japs up in no time.

"I want to thank you again and a lots more people in Cameron but it is a big job to write to all of them; you will know who they are and who they aint. Please thank them for me."

OWEN.

ATTENDING RALLY

Miss Ruth Jennings, Home Economics teacher at Yoe High School and delegate Geraldine Chambers left Cameron Friday for Dallas to attend the State Rally of the Future Home Makers Clubs.

Miss Dodson, Home Economics teacher at Buckholts and delegate, Ellen Kleiber of Buckholts, also are attending the convention.

Mrs. B. M. Jennings, mother of the Cameron teacher, accompanied her daughter.

HARRIS-LOWE

Sergeant Gordon Lowe of Cameron was married on Easter Sunday to Miss Olive Lee Harris in Sherman. They were married at the home of relatives of the bride in Sherman. Sergeant Lowe is stationed at Perrin Field at Sherman.

The groom is the son of Mrs. E. G. Lowe in Cameron and a brother of Woodrow Lowe of the Cameron Hotel. The following advance account of the wedding has been received in Cameron by relatives:

Miss Olive Lee Harris, daughter of Mr. and Mrs. O. T. Harris, and Sgt. W. Gordon Lowe of Perrin Field are to be married at 9 a. m. today in Sherman. The double ring ceremony

will be performed by a Baptist minister in the home of the bride's uncle and aunt, Mr. and Mrs. C. T. Spruill.

The bride is wearing a navy blue and white redingote costume, with white gloves and blue and white shoes and a hat of navy blue. Guests at the wedding will be her parents, her sisters, Misses Winno and Minnie Pearl Harris and Miss Doris Meadows of San Angelo, and Mr. and Mrs. Spruill.

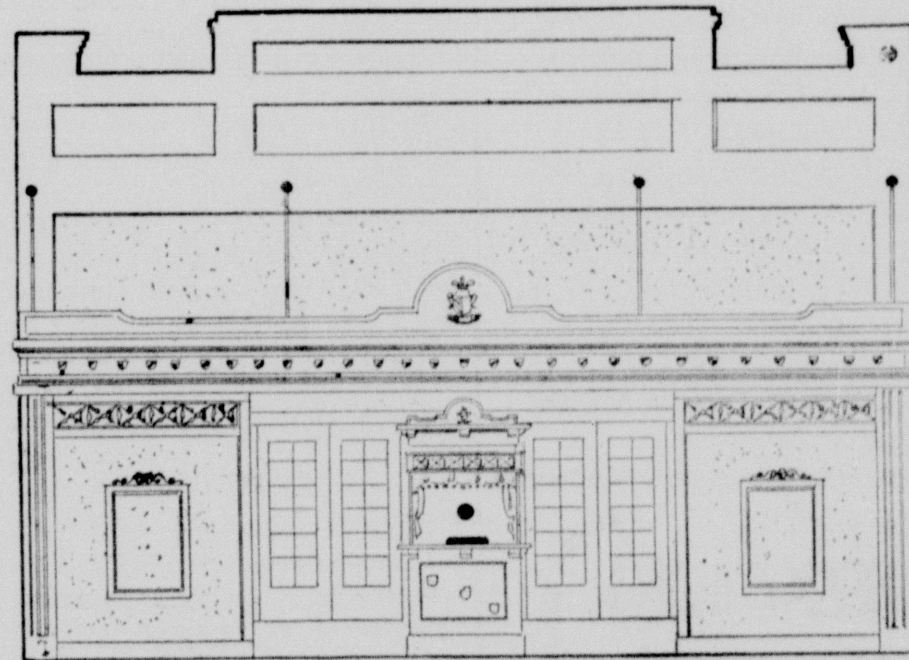

The bride was graduated from San Angelo High School and attended San Angelo College this year. Sgt. Lowe, son of Mrs. E. G. Lowe of Cameron, attended Cameron High School. The couple is to be at home at 1410 Houston Street in Sherman.

U. S. STILL SILENT ON JAPANESE RAID

Washington was still silent on the bombing of Japan.

Until the United States government gives the facts there will be no way to be certain the bombing ever took place.

Newspapers throughout the world and radio systems continued to broadcast the purported facts.

Monday a broadcast said that the planes that bombed Japan took off from a aircraft carriers off the coast of China.

The Japanese said that 9 planes bombed Tokyo and Yokohama.

A Saturday Jap dispatch said 9 were shot down. A Chinese report denied the planes were based anywhere in China, but was specific in saying that all the planes have returned to their base except one.

As time goes on if the government makes no disclosures, the raid will be generally accepted as true, but may lose much of its public effect if there is room for speculation.

Corregidor has been subjected to continuous dive bombings by Japanese planes.

The Chinese have scored a victory in Burma. It was said that the inability of the British to bring up an army from India had thrown the defense job of Burma to the Chinese.

Japanese shipping has been subjected to heavy attacks.

General MacArthur and Prime Minister Curtin of Australia held a 3 hour conference Monday and decided to knock out the Japs with an Allied concentration.

All this is highly speculative and at best will have to be verified by action. General Marshall just back from England said the army there is about ready to take the offensive.

Germany, celebrating Hitler's 53rd birthday was trying desperately to get on the offensive in Russia but the Red army was still scoring gains. Hitler has been forced to use up many divisions of reserves.

New Man Power Move Confusing; Favoring Deferment by Groups

Confusion resulted Monday from a statement by Paul McNutt, new man power chief for the division set up by President Roosevelt on Saturday.

McNutt favors deferment by groups. The present draft law expressly forbids group deferments.

He estimated 13 million men might be needed for industries. His proposal would in effect supercede draft administration. The selective service system might not be necessary and at best would be an intermediate authority.

The general theory is to draft men for industrial jobs.

Also it is proposed to defer men by areas. This would result in men from the South doing the fighting while men of the north and east would be deferred because of industrial concentration.

The question of farm labor has not yet been settled. Agencies of the government continue to send out statements about deferment of farm labor, yet the draft boards receive no official instructions.

War Moves Slowly As British Abandon Hope Of Saving Burma

The war was about as usual Friday with the British RAF continuing to blister the continent with bombs.

Early Friday 400 British fighter planes, now said to be matching plane for plane in the air over Europe with the Germans, resumed the attack. Raids are continuing every hour of the day without let up.

Russians have scored telling victories over the Germans in the air.

The Burma situation is so desperate London has given up hope. It was hinted Friday that the British may have reached the end of their manpower. In that case no British armies will fight anywhere except the British Isles.

Dr. James Watson On State Program

Dr. James Watson, Cameron Dentist, will read a paper at the annual session of the Texas Medical Society in Houston on Monday May 11.

The current issue of the State Journal of Medicine gives the program complete for the convention from May 11 to 14.

Dr. Watson gave the paper some time ago at a meeting of the Milam County Medical Society and it attracted state wide attention and he has been asked to read it before the Texas Association Meeting. The subject is "Trench Mouth."

Mrs. Ed Gunn of Rockdale is in Cameron visiting friends today.

Rexall 1c Sale Is To Be Big Event At New Cameron Drug Co.

The Rexall 1c Sale advertised this week for Wednesday and Thursday, April 29 and 30 and Friday and Saturday May 1 and 2 bids, fair to be one of the biggest and certainly one of the most important merchandising events of the year.

Joe Denson said he had been fortunate enough to obtain large stocks for this sale. With rationing promised two for the price of one plus 1c will be mighty attractive.

Newspaper space has been purchased for this sale and circulars are to be distributed. No better time to stock up on important items.

Miss Janie Burkeen of Houston visited friends and relatives here over the week end.

Mrs. Frank White of Waco, visited her sister, Mrs. W. P. McCall Thursday night.

SLIGHT RAIN

R. W. Hester, local observer, said that only .12 rain fell here Thursday morning, but shortly after noon another hard shower fell. Indications were the precipitation might be heavy before the day is over.

Bill Wallace of Fort Sam Houston, visited his father, Judge E. A. Wallace Friday and Saturday.

NOTICE TO THE PUBLIC

Due to the shortage of tires, I am asking for co-operation of all customers to please get ice from regular route carriers on call before 6 p. m.

If this can be done, I see no reason for advance in price of ice.
